

What is Areeka?

Areeka is a mental health platform devoted to assisting our clients in becoming the best versions of themselves. We aim to facilitate mental health services for those who seek support on the path to maintaining strong mental health foundations, building healthier relationships, coping with life's challenges, and making positive decisions.

We hope to facilitate access to mental health services for those who prefer talking through life's challenges from the comfort of their homes. From the privacy of your personal **Areeka** (or “couch” in Arabic) to the convenience of talking to us while you're on the go, our team of experts is available anytime, anywhere.
