### 01 Easy to Sign Up

The registering on THANAWI platform is very simple. It depends on registering through the national ID number and the Nafath application, by entering the ID number and then sending the activation request to the Nafath application. After that, you enter the Nafath application and choose the binary number that appeared to you on THANAWI platform, Then complete the full data and authentication of the mobile phone number by sending a temporary code message to your mobile phone.

## 02 Fill in the necessary information

You will complete some data related to the shares to be sold, answer some questions, and attach some necessary files and documents (upon registration your automatic status will be "buyer" and to transform into "seller" you must do this in your profile)

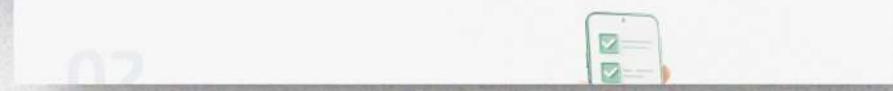

## 03 Sell and Buy company

Through your investment portfolio in THANAWI, you will see the shares that you have offered and the shares that you have purchased or requested to buy, and you will see the updates that have been made to them and see new opportunities on the platform.
